## BOOK SYNOPSIS

Nancy Scanlon continues the timebending saga she began with *The Winter Laird*, pulling heroes and villains alike through the portals of time to help save their futures and find their truest loves. A time travel accident has left Aidan MacWilliam, younger brother of a medieval Irish laird, trapped in the future. Though he's become a successful entrepreneur in the twenty-first century, Aidan still can't banish thoughts of the world he left behind. In search of distraction, he heads to New York to scout a PR person for his cousin's matchmaking firm, Celtic Connections. Emmaline Perkins might be the perfect candidate. A PR expert and closet medievalist, Emma has always put work before her social life. When a breathtakingly handsome man who looks like he stepped straight out of the Middle Ages proposes business, she struggles to keep her professional and personal lives separate. Then Emma's ex-fiancé resurfaces, threatening Emma's livelihood, her home, and ultimately her safety. Aidan jumps to protect her and not just because she's good for business. He feels a primal need to defend the alluring young woman. But the question is not where she'll be safe, but when.
