BOOK SYNOPSIS

Modern beekeepers - take notice! Here we have the answer to one of the most common questions related to beekeeping: what do I do with all of this beeswax? In fact, the possibilities are seemingly endless! As beeswax has multiple holistic and decorative uses, projects can vary from beauty and health products to household items. Beeswax Alchemy is your first step towards using excess beeswax to make beautiful, useful gifts for friends, family, and even yourself. It offers a basic introduction to the art of extracting and purifying beeswax, as well as countless ideas for what to make with it. These include skin care creams, candles, and other home products like beeswax ornaments and wax fabric. So, get ready to suit up and collect some beeswax. There's so much that you can do with it - and now you know how! "This is the book I've been waiting thirty years for. It has absolutely everything beeswax--candles (and bless you Petra for the info on wicks), balms (to make you pretty), creams (to heal both body and soul), soaps (so much on soap!), and many, many home products to make and use every day! Excellent instructions. Bountiful information. Beautifully done." - Kim Flottum, beekeeper; author of The Backyard Beekeeper, Better Beekeeping, The Backyard Beekeepers Honey Handbook; and editor of Bee Culture magazine
